Question from vendor about the number of onsite meetings that will be required.

One online meeting and one in-person meeting will be sufficient in addition to the site visits at each facility. If there is a need for another in-person meeting because of some unforeseen problem that can be addressed in the Other Costs portion of the RFP.

Question from vendor about the budget

Is there a budget that you have in mind for the services for this scope of work?

The grant we received for this project is \$50,000 so the expectation is to stay as close as possible to this number.
